Learning communication skills, high school math, musical hearing, electronics and music technology.

Interested in the audio technology course at American University, music production course at UC Berkeley, and music/recording course at San Francisco State University.

**Work/Volunteer Experience:**

Helped in a city-wide clean up in April, 2019. We had to help put tanbark in different places at Emerald Glen Park, and at Pasatempo park.

Helped the organization Kids against hunger for 2 days where I helped pack over 10,000 bags. Increased communication skills and oral skills when talking to other people.

**Skills (Languages/Certifications):**

Partially fluent in Spanish, currently taking Spanish 2.

Have been playing music for 6 years.

Able to play guitar, piano, and ukulele.

Strong communication skills, strong positive attitude, able to work hard and stay focused for a long period of time.

**Extracurricular Activities (Hobbies/Interests):**

Love playing soccer.

Playing and listening to music is a huge part of my life.

Video games take up my spare time on weekends, and I have learned that when you work hard, you can relax and have a little fun.
